INSTALLATION INSTRUCTIONS

Lower frame (MTMB) is one piece. Install plastic caps into bottom of legs. Hang kickplates (MTMKPF) on lower frame on exposed display sides only. Laminated deck will secure kickplates.

Locate laminated deck (MTMTOP) in place on welded angles. Secure from bottom with provided screws.

Install connectors, (4) per table, into lower frame tubes. Install leg frames (MTML) onto connectors.

Install tie bars (MTMTB) to leg frames by seating rivets on ends of tie bars into key-hole slots of leg frames.

Install laminated deck as described in step #2.

Repeat process in steps 3-5 for taller units. Install plastic caps into exposed tubes.
