

MAXI LINE SHELVING

display

madix[™]

Meticulously engineered, Maxi Line Shelving features high tensile steel uprights that are slotted one inch on center for convenient shelf placement. Built-in levelers and snap-together parts make installation simple while yielding an exceptional load capacity.

Crossbar Mount Wire Rack Plate Holder

The thousands of accessories available for Maxi Line Shelving address the particular needs of each store. All parts and accessories install easily.

Madix's shelves are strong and versatile. Each shelf has slim, sturdy, multi-position steel brackets that allow the shelf to be used in multiple merchandising arrangements. The shelf diversity provides increased product visibility while reducing the wasted space caused by bulky brackets.
