

Beam LED Canopy Light

Beam Light is the ideal LED alternative to fluorescent canopy lighting. Beam Light uses environmentally friendly LEDs that produce light intensity similar to a T8 fluorescent fixture, while using only a fraction of the energy and lasting nearly three times as long without replacement or maintenance. Beam Light produces virtually no heat, no UV rays (eliminating packaging degradation) and features a specially designed lens for optimal light distribution.

- 3' and 4' lengths (914 mm and 1219 mm, other sizes available as special order)
- Maintenance-free life in excess of 50,000 hours (11 years at 12 hours/day)
- Uses same Power Supply and Jumper Cables as LEDge Light
- Durable aluminum extrusion
- Integral magnets make installation on metal shelves or other surfaces easy and allow fast changes
- End tabs with holes for fastening to wood canopy and metal canopy brackets
- UL listed system
- All plug 'n play connections– no electrician required (class 2 system)
- Multiple units are connected using Jumper Cables or Harness Assembly
- May be daisy-chained to single power supply for "single row" applications
- 100W power supply can power up to four 48" (1219 mm) lights
- Color temperature: 4200K
- Color Rendering Index (CRI) of 85
- Contains no heavy metals
- Low power consumption helps meet California title 24 lighting regulations
- Safe 24 volt DC system
- 2-year warranty
- Not compatible with Lumi-M-Stick, Lumiback, or Lumishelf™ accessories

LLB(NW)

LLB.....Beam LED Canopy Light
 NW.....Nominal Length 36" or 48"
 (914 mm or 1219 mm)

Shelf Width	Part Number	Actual Length	Power Consumption	Max # Lights per 100W Power Supply
36"	LLB36	34½"	20W	5
48"	LLB48	46½"	24W	4

Lumi Aisle Disruptor

- Illuminated light panels attract attention to specific merchandise
- Quickly mounts to perforated shelving
- Uses energy-efficient LED lighting
