LIGHT VERSA

Patent Pending

LEDge Light Versa is Madix's most versatile lighting solution for retail shelves, featuring LED lights that draw attention to your merchandise, thereby increasing sales.

Most lighting systems require you to completely unplug and reconnect the lights' wires when reconfiguring your shelving arrangement, but LEDge Light Versa's spring-loaded connectors allow for quick and easy adjustments. No more rewiring power cables or repositioning electrical connections! Simply unhook and reattach the shelves to the uprights—aligning the connectors with the corresponding bus bars—and the lights automatically turn on.
