QUEUING FIXTURE

Organize your customers, and align your sales in the process. With Madix's Queuing Fixture System, retailers create order in the store while encouraging impulse buys. Draw attention to smaller SKUs with a completely customizable system.

RESET QUICKLY

Utilizing Madix's Tube Line series, create a customized queuing solution that engages shoppers and organizes traffic in the checkout area. The Dallas Morning News and The Wall Street Journal have both published articles related to the importance of utilizing queuing systems in retail stores. Madix's Queuing Fixture and accessories draw attention to smaller SKUs and encourage impulse sales.

ACCESSORIZE

Madix's queuing solutions can also be constructed using standard parts. Customize an existing layout or revitalize the checkout area with standard Maxi Line components and accessories.
