THIN PROFILE SHELVES

DISPLAY

Madix's Thin-Profile Shelves help maximize crucial space allowing retailers to optimize shelf capacity and display more merchandise. The Light Duty version of the shelves are the thinnest profile shelf that Madix manufactures.

Standard

Thin Profile

- Load Ratings of 90 lbs (Light Duty) and 200 lbs (Regular Duty)
- Thin-Profile for Utilizing Space Effectively Within a Fixture Run
- Angled Tag Molding (Light Duty) and Flush Tag Molding (Regular Duty)
